

Dr. Robert S. Lynch is a senior research scientist with the Naval Undersea Warfare Center in Newport, RI, where he is involved in the research and development of sonar systems. In 1984 and 1991, respectively, he received BS and MS degrees, both in Electrical Engineering, from Union College in Schenectady, NY. In 1999 he received a PhD in Electrical Engineering from the University of Connecticut, Storrs, CT. His research interests are in the areas of pattern recognition and classification, detection, information fusion, tracking, and signal processing. Dr. Lynch is an Associate Editor of the IEEE Transactions on Systems, Man, and Cybernetics Part B, Cybernetics, and is Managing Editor of the Journal of Advances in Information Fusion. He is a senior member of the IEEE, and is also an associate member of the Sensor, Array, and Multichannel (SAM) Technical Committee.
