

Dr. Shanchieh Jay Yang received his Ph.D. from the University of Texas at Austin in 2001, and is currently an associate professor in the Department of Computer Engineering at RIT. His research focuses on cooperative robotics, sensor networks, and high level information fusion, particularly on threat/impact assessments for cyber attacks and asymmetric warfare. Dr. Yang is an active member of the Center for Multisource Information Fusion (CMIF) based in western NY. He has also been an officer for IEEE Joint Communications and Aerospace Chapter in Rochester NY from 2003 to 2007.
